Certified Professional for Software Architecture® (CPSA)

- Curriculum Designing, building, and maintaining data-centric software architectures [DATA] – Release Candidate -

2024.6-RC0-EN-20240607

The international Software Architecture Qualification Board (iSAQB) defines curricula on several levels for software architects.

The **Release Candidates** of the **Designing, building, and maintaining data-centric software architectures [DATA]** advanced level curriculum are currently maintained and published in both English (EN) and German (DE). Maintainers of this curriculum and voluntary reviewers collaborate on GitHub to improve the curriculum.

Current Release Candidate v2023.1
